

Assignment 3

- Use metric units.
- Use Third Angle method of projection (TV at the top and FV at the bottom).
- Draw FV in the X direction.
- Draw TV
- Draw the hidden features in both the views.
- The 2 views should be aligned.
- Draw a rectangular border from (0,0) to (120,180).
- Drawing should be printed on a 1:1 scale.
- Type your name, social security number and section number.
- Use dimensions to draw, but do not dimension the drawing.
- Assignment is due at the beginning of the next lab.
