

NGO proposal project for *Solar Power for Africa* Course. Due Thursday December 1 in class

Please prepare a short document (a white paper) for your proposed NGO. Include in this document:

- 1) A name for the NGO (logo, theme phrase etc.).
- 2) List of the US participants in the NGO.
- 3) Location for the NGO operation in Africa.
- 4) List of existing and/or potential African partners in the NGO.
- 5) Give an executive summary (a few paragraphs) describing the NGO and its activities.
- 6) List of possible funding sources for the NGO and the approach to seeking funding for the work.
- 7) A rough budget as to how the sought funds will be spent.
- 8) A description of how the NGO's goals and activities will support and impact:
 - a) Local Government efforts.
 - b) US Government activities including the US Embassy and USAID.
 - c) Local African Economy.
 - d) Role of Women in African Society.
 - e) Other societal or cultural topics such as AIDS, infant mortality, clean water, agriculture.
- 9) Give a critical assessment on why the NGO is needed to provide services that could or should be provided by a traditional local or national government agency if funds were available.

Please include photographs and other graphical support for your NGO and any other components you can come up with to support your argument for this NGO. The tone of the document should be aimed at potential funding sources.

(If you have documentation that shows feedback from your African partners please include this with the report. This could include e-mails transcripts of Skype calls, other documentation.)
